PUBLISHED BY AUTHORITY

No. 234] NEW DELHI, MONDAY, OCTOBER 4, 1954

DELIMITATION COMMISSION, INDIA

NOTIFICATION

New Delhi, the 4th October, 1954

S.R.O. 3181.—In pursuance of clauses (a) and (b) of sub-section (3) of section 8 of the Delimitation Commission Act, 1952 (LXXXI of 1952), the Delimitation Commission hereby publishes its proposals in respect of the distribution of the seats allotted to the State of Bombay in the House of the People and the seats assigned to the Legislative Assembly of that State to territorial constituencies and the delimitation thereof in accordance with the provisions of sub-section (2) of the said section and specifies the 30th October, 1954, as the date on or after which the proposals will be further considered by it.

Any objections or suggestions in regard to these proposals should reach the Secretary of the Delimitation Commission (No. 2, Prithvi Raj Road, New Delhi), before the said date. It would facilitate prompt consideration if they are in English.

PROPOSALS

The territorial constituencies into which the State of Bombay shall be divided for the purpose of elections to (a) the House of the People and (b) the Legislative Assembly of the State, the extent of each constituency and the number of seats allotted to each constituency and the number of seats, if any,

(1753)

reserved for the Scheduled Castes or, as the case may be, for the Scheduled Tribes, in each constituency shall be as shown in the following Tables :—

MINUTES OF DISSENT

(I)

I am in receipt of the tentative proposals for the Parliamentary and Assembly seats for the State of Bombay. I find in these proposals a lot of changes effected in the existing constituencies in the State. Unfortunately, as I had gone abroad at the time of the last meeting of the Commission, I do not have the relevant data that has prompted the Commission to make these new proposals. Therefore, in the absence of any knowledge, I have failed to understand the *raison d'être* of the proposed changes in the various constituencies, particularly with regard to the parliamentary seats. In the light of this, I do not accept some of the changes in the parliamentary constituencies and beg to submit my minutes of dissent as under:—

1. As per the Delimitation Order for Bombay State, 1951, it is evident that 3 seats were reserved for the Scheduled Castes and the Scheduled Tribes population in Gujrat. These three seats are in the following order:—

- (a) One reserved seat for Scheduled Castes provided in the double-member Ahmedabad constituency.
- (b) 2 Seats reserved for Scheduled Tribes, one in each of the double-member constituencies of Panchmahal-cum-Baroda East and Surat.

According to the Commission's proposals, 5 seats are reserved for the Scheduled Castes and Scheduled Tribes population in this region. The distribution of these seats is as follows:—

- (a) Four seats reserved for the Scheduled Tribes, one in each of the double-member constituencies of Panchmahal, Baroda, Surat & Bardoli.
- (b) One parliamentary seat reserved for the Scheduled Castes in the existing double-member Ahmedabad constituency has been transferred to the Mehsana district by forming a double-member constituency there.

I fail to understand as to what factors have guided the Commission to abolish the Scheduled Castes reserved seat from the existing double-member Ahmedabad constituency. The population data indicates that Ahmedabad has the highest number of Scheduled Castes, totalling to 164,849

persons. Besides, it is a known fact that the existing Ahmedabad constituency is a small, compact urban area with the highest Scheduled Castes population in the whole of Gujrat.

It is difficult to understand why the above Scheduled Castes seat is transferred to the Mehsana district which has a Scheduled Castes population (137,496 persons) much less than in Ahmedabad. This district is essentially rural in character and larger in size. I hope it has not been done with the view to accommodate any political party.

I submit that the Commission's proposal to abolish the Scheduled Castes seats from Bombay-North and Ahmedabad constituencies is not justified from the standpoint of population of Scheduled Castes in these two cities and therefore, contravenes the provisions of the Delimitation Act. I suggest that the existing Scheduled Castes seats in the double-member constituencies of Bombay-North and Ahmedabad may be retained.

2. Similarly the proposals to constitute a separate parliamentary constituency for Amreli, consisting of Amreli district, Dholka and Dhandhuka talukas of Ahmedabad district and Cambay taluka of Kaira district goes beyond one's comprehension. This particular proposal clearly violates the Section 8(2)(e) of the Delimitation Act, 1952, as it fails to provide a geographically compact area for the purpose.

Similarly, the proposed Thasra double-member constituency contravenes the provisions of the Delimitation Act, 1952, since this particular constituency fails to provide geographically contiguous territory for the purpose of a double-member constituency.

I notice that the existing single-member Broach constituency has been completely abolished and its various parts are tied up with the newly proposed adjacent constituencies. This proposal has led to the conversion of the existing single-member Baroda constituency into a double-member constituency with one seat reserved for the Scheduled Tribes. I do not know the grounds which have motivated the Commission to propose these changes.

I have a similar observation to make with regard to the proposed constituency of Belgaum South, the double-member constituency of Kolhapur-cum-Satara and West-Khandesh Scheduled Tribes reserved seat.

Dr. CHOITHRAM GIDWANI, M.P.,
Associate Member.

(II)

Regarding the Bombay Assembly Constituencies, I am to state as follows:—

(1) As regards Bijapur District, Constituency Nos. 136, 137, 138 and 139, *i.e.*, Hungund, Jamkhandi, Mudhol and Bagalkot constituencies, I had argued that since the Bilgi Petha is in the Jamkhandi division, it should not be cut up and joined to Bagalkot constituency, but may be cut up between Jamkhandi and Mudhol constituencies and thus allowed to retain its position in the same division and as regards Bagalkot constituency, a part of the Hungund constituency (Constituency No. 136) along the river Malaprabha might be added. This will equalise the Jamkhandi constituency which has become small, though Jamkhandi is one of the big talukas in the District. It appeared that my view point had been appreciated and accepted. But, now, I find that the original proposals stand unaltered. This may be looked into and corrected.

(2) Regarding the Parliament Constituency, I am of opinion that the Scheduled Castes seat should not be put in Karnataka, *i.e.*, in Belgaum District, *i.e.*, constituency No. 25. In Gujarat, there are 8 lakhs of Scheduled caste people, in Maharashtra more than 15 lakhs and in Karnataka about 3 lakhs and 96 thousand Scheduled caste people. I am of opinion that in working proportions of general population with that of scheduled caste in different regions the bulk and the total number of the scheduled caste population should also be taken into consideration. Otherwise, mere proportions will work hardship. This will mean, that Gujarat with 8 lakhs of scheduled caste people will have one seat and Maharashtra with more than 15 lakhs of scheduled caste people will have two seats while Karnataka with less than four lakhs of population of scheduled caste will have to bear one scheduled caste seat. Looked at from this point of view which I hold is the correct point of view, the Scheduled Caste

seat should be shifted from the Karnataka region to Maharashtra or elsewhere. Besides, Bombay City and suburban have almost the same proportion as that of Karnataka and I do not see any reason why the Scheduled Caste seat should not be in Bombay as at present. Bombay City is a cosmopolitan and civilised city and it is always possible to have an educated and understanding Scheduled Caste candidate who will be in a better position to represent and protect the view points and interests of the Scheduled Caste population. It is therefore necessary that Scheduled Caste seat should be in Bombay for some time more.

Regarding Dharwar District, I have received another set of proposals which are herewith enclosed. The complaint against the present proposals is that they are not natural. I had a full and frank discussion with those who know the District quite well. As you know, we had no time for such discussion before we met at Poona. Some of us expressed ourselves on that point. The proposals herewith enclosed may be considered.

The above observations and the proposed proposals in Dharwar District with reasons given may be published in the official Gazette.

I. Gadag Shirhatti and Mundargi

Shirhatti Taluka and Mundargi Petha are proposed to be formed into one constituency. There is no affinity between Mundargi and Shirhatti. Further, a big range of Kappat hills commencing from Tungabhadra river and coming near almost to Gadag Town bifurcates Mundargi Petha and Shirhatti Taluka. Though there is one road on the map from Bannikop to Mundargi it is practically an abandoned road. It is very difficult to travel by that road. Even supposing we pass by that road to the villages in the north eastern portions of Petha area are very very far off from Shirhatti Taluka Town. If those villages are to be approached one will have to come down to Gadag and then go to them. The villages of Mundargi Petha have more affinity with Gadag Town since very long period both in connection with trade, Civil Court work and Revenue work. The Mundargi Petha comes under Gadag Prant Officer. The 32 villages of Gadag Taluka, that are to be now joined to Shirhatti Taluka are contiguous and nearer to Shirhatti and with affinity. Some of these villages are even at a distance of 2 to 3 miles from Shirhatti town. Further if Gadag people are to visit to some of the villages of Gadag Taluka, they are to go to them via Shirhatti. A good State road is connecting these villages with Shirhatti Taluka. Therefore the villages now proposed by us to be joined to Shirhatti Taluka will be very convenient for the purpose of management of holding the elections etc.

II. The Gadag City, Mundargi Petha and six villages of Gadag Taluka which adjoin Mundargi area are now proposed to be included in Gadag Constituency. They have got affinity with Gadag in trade business both civil and criminal court work etc. and they can be conveniently managed for the purpose of holding elections. There is good road communication in this area.

III. The remaining 17 villages of Gadag Taluka are contiguous to Nawalgund Taluka and Nargund Petha. All these villages are of black soil having the similar problems as those of Navalgund Taluka. There is affinity since they are bordering villages. It is very convenient for the purpose of management of holding election.

IV. Ron Taluka is kept as it is.

V. It is proposed that Kalghatgi taluka and Kundagol Mahal as one constituency. In this there is neither contiguity nor affinity. Hubli and Sheggaon Villages have intervened

between Kundagol Mahal and Kalghatgi Taluka areas. Moreover the whole of Kundagol is of black soil with different problems while Kalghatgi comes under Malnad area with paddy lands and forests. There is no road also. These two units come under different Prant Officers. Kalghatgi taluka has got both contiguity and affinity with Dharwar in matters of Court work, education and similar agricultural problems. They are connected with a good road. In the last general election Kalghatgi taluka was joined with Dharwar taluka villages for the same reasons. Therefore now we are proposing that the whole Kalghatgi taluka should be joined with 87 villages of Dharwar taluka as one constituency. But due to the want of required population 5 villages of Hubli taluka contiguity to Dharwar taluka are to be joined to this constituency. This is the only change to the former constituency of the General election.

VI. The remaining villages of Dharwar taluka with Dharwar town will form a separate constituency as in the old General election. In the present proposed constituency many villages which are to be joined with Hubli taluka have no affinity with Hubli City and not convenient for management of election. Therefore the same old constituency is to be continued.

VII and VIII. The whole of the Hubli taluka except the 5 villages that are to be joined to Dharwar-Kalghatgi constituency, the urban area of Hubli City and part of Kundagol Mahal are now proposed to form as one constituency of double seats. Many of the villages of Kundagol Mahal were in former Hubli Taluka and therefore all these villages of Kundagol Mahal have greater affinity and common problems being of black soil area. These villages are connected with Hubli City in matters of trade, court work and education etc. The Hubli Taluka and Kundagol villages are connected by roads. Kundagol town and Hubli city are at a distance of 9 miles only. Therefore it is convenient for managing election.

IX. It is proposed that some villages of Hanagal Taluka to be joined to Shiggaon Taluka. It is not necessary since the whole of Hanagal Taluka, Herekerur Taluka and Byadgi Petha population is joint, sufficient for two constituencies. Therefore we are now proposing to join 23 villages of Kundagol Mahal to Shiggaon Constituency. Most of these villages were in the former Shiggaon Taluka with contiguity and affinity and with common problems etc.

X and XI. The Byadgi Petha has been divided into two parts and one part adjoining to Hanagal is added to Hanagal constituency while the remaining part adjoining Herekerur Taluka has been joined to Herekerur Taluka with some variation with reference to 2-3 villages.

XII. The Ranebennur Constituency has been kept as it was proposed.

XIII. The Havari Constituency is retained as it was proposed.

(III)

While I am in general agreement with the Constituencies proposed in the draft proposals dated 15th September 1954 I have to submit the following modifications in the proposed one Constituency *viz.*, Bardoli Constituency.

The proposed Bardoli Parliamentary Constituency comprising of Songadh, Vyara, Bansda, Bardoli Taluka and Palsana Mahal of Surat District, Navapur, Nandurbar and Sakri Taluka of West Khandesh District is a single-member Constituency for the Scheduled Tribes. Since the concentration of Scheduled Tribes population is very high in this Constituency, it is in the fitness of things that the seat should be given exclusively to the Scheduled Tribes. I, however, think that if Dharampur Constituency is substituted for Bardoli Constituency, the concentration available would be still higher. While the concentration of population of Scheduled Tribes in Bardoli Constituency is only 47.96 per cent it is 91.40 per cent in Dharampur. Besides, this would make that constituency more homogeneous than the one proposed in the draft. I hope that the Commission will most probably agree to this suggestion of mine and modify the proposals accordingly. If, however, that is not agreeable, my suggestion should go as a Minute of Dissent.

Apart from this, I have to make the following suggestions for favourable consideration. When we discussed the draft proposals in the Poona Session of the Delimitation Commission, I pressed for certain changes in the delimitation of Constituencies and I am glad to find that some of those have been accepted. At that time, however, I was not able to contact all the members of the Opposition group in the Assembly, particularly, the Independent members from Gujarat. During the current Session of the Assembly, they came to know of the

changes proposed and drew my attention to certain facts which I did not know at the time of the last Poona Session. You are probably aware that I am the only associate member from the Opposition and they legitimately expect me to represent their case to the Commission. I would not have bothered you with fresh suggestions if there was no substance in their argument but in two cases at least their contention seems to be valid. I, therefore, urge that these suggestions should be favourably considered.

The first suggestion is in respect of the Parliamentary Constituency. In the last general elections, the District of Ahmedabad excluding Dehgam Taluka was allotted a Reserved Seat for Scheduled Castes and it formed a double-member Constituency. In the draft proposals, however, the Reserved Seat is shifted to Mehsana with the result that the original two Single-Member Constituencies are combined to make the whole District a Double-Member Constituency. The Ahmedabad District is split into three parts and with the addition of some parts of Kaira District, three single-member Constituencies are carved out:

- (1) Ahmedabad Municipality (excluding Ellis Bridge, old and new limits, Shahibaug and Janjirpura Wards);
- (2) Viramgam, Dehgam and Daskroi Talukas, Sanand Mahal and Ahmedabad City Taluka (excluding Ahmedabad City but including Ellis Bridge, old and new limits, Shahibaug, Janjirpura Wards) of Ahmedabad District;
- (3) Dholka and Dhandhuka Talukas of Ahmedabad District with some part of Kaira District and Amreli.

It is my honest opinion that in delimiting the Constituencies *status quo* should not be disturbed unless there are weighty reasons to do so. That is very essential for the growth of Parliamentary Democracy in this country. If the sitting member is not assured that his Constituency will not be disturbed he will have no incentive to nurse his Constituency for, he does not know who will be his voters in the next elections. From this point of view, I do not see adequate reason to shift the Reserved Seat from Ahmedabad to Mehsana. On the contrary, there are compelling reasons not to do so. The area of the Constituency is enormously increased, besides, the

communication facilities available in the new Constituency of Mehsana are very meagre as compared to the facilities available in the original Constituency of Ahmedabad. The area of Mehsana District is 4125 Square Miles while, if the two Constituencies in Ahmedabad District, *viz.*, Ahmedabad and Viramgam are combined to make a double-member Constituency its total area would come roughly to 1714 Square Miles. The communication facilities in Mehsana are also very inadequate. The figure for the mileage of various types of roads in 326 miles, out of which only 3 miles are metal roads, while there is a metal road from Ahmedabad City to Sanand Mahal and Dehgam Taluka also linking up the principal villages of Daskroi Taluka.

Secondly, while reserving seats for the Scheduled Castes, it is necessary to bear in mind that urban area is also included in the proposed Constituency as far as possible. From that point of view, the inclusion of Ahmedabad in the Reserved Seats Constituency would be desirable. Already the seat that was reserved in Bombay City at the time of the last general elections, has been taken away and it is in the fitness of things that Ahmedabad be included in the double-member constituency wherein a seat is reserved for the Scheduled Castes. The only objection against such a change would be at the concentration of scheduled castes population in Mehsana is 9.34 per cent while it is 9.01 per cent in the proposed Ahmedabad Constituency, but, to my mind this difference is negligible and the concentration is more or less the same and the advantages that would follow, if my proposal were to be accepted, are of substantial nature. From the point of view of the scheduled castes it is advantageous to have a constituency in a compact area where their population is well organized. Undoubtedly, their organisation and the social service activities are more in Ahmedabad City and therefore, it stands to reason that the double-member Constituency should be shifted back to Ahmedabad.

The present Double-Member Constituency of Mehsana may be divided into two single-member constituencies, *viz.*, Mehsana East and Mehsana West: Mehsana East consisting of Harij, Patan, Sidhpur, Kheralu, Vijapur South and Vijapur North with a population in the neighbourhood of 7,40,000; Mehsana West consisting of Kalol, Kadi, Mehsana-Visnagar, Chanasma and Radhanpur, with a population of 7,31,000.

I, therefore, earnestly request the Commission to reconsider their decision and accept this modification.

As regards Assembly Constituencies, I have to make only one suggestion. At present, the Patan Taluka and the Harij Mahal and some villages in Sidhpur of the Mehsana District together have been divided to make two Assembly Constituencies, *viz.*, (1) Patan and (2) Harij. My attention was drawn to the map and I found that the present arrangement is not at all happy. I am sending under separate cover two maps (1) showing how the two Constituencies are carved out in the draft proposals and (2) showing the fresh proposal that I want to make. To my mind, it seems, the present division is absolutely unnatural and disturbs the geographical contiguity in a manner which is most inconvenient to the candidate. From the map, the difficulties that the candidate will have to face, will be apparent.

The Patan Taluka has a population of 1,68,424. The Patan Taluka has been divided into two Constituencies, some portion going to the Harij Mahal and the rest linked with 47 villages of Sidhpur Taluka. Patan, Harij and Sidhpur Taluka have together a population of 2,50,079. Out of this, the Harij Constituency comprising of Harij Mahal and the 89 villages of Patan Taluka specified in item 7 of the Appendix, has a population of 1,22,708. The second Constituency, *viz.*, Patan Constituency comprising of Patan Taluka excluding such of the 89 villages specified in item No. 7 and including such of the 47 villages in Sidhpur Taluka specified in item No. 6, has a population of 1,27,371.

Instead of these two constituencies, I propose a more convenient and compact division of the area which will be more suitable to the candidate. Instead of the existing names, I would suggest that the two Constituencies should be carved out, *viz.*, South Patan Constituency and North Patan Constituency. The division of the area would be horizontal, south and north.

The South Patan Constituency will comprise of:

- | | |
|--|-------------|
| (1) Harij Taluka | 33,655 |
| (2) 12 villages of Patan Taluka <i>viz.</i> , Balisana, Digdi, Mandotri, Hansapur, Runi, Hajipur, Santi, Dharapur, Nana Ramanda, Mota Ramanda, Derasan and Kani, taken out from Patan Taluka which form a part of the existing Harij Constituency in your proposal | 11,738 |
| (3) Part of Patan Taluka forming part of the Patan Constituency excluding 47 villages from Sidhpur. | 79,371 |

The three components together will have a population of .. 1,24,764

The North Patan Constituency will comprise of the remaining villages of Patan Taluka with 47 villages of Sidhpur Taluka, the total population being 1,25,315.

I think that when you refer to the enclosed maps you will agree that this arrangement is more homogeneous and preferable from the point of view of geographical distribution.

I, therefore, request that this recommendation be favourably considered and adopted.

(IV)

With reference to your letter No. 58/3/53, dated the 15th September, 1954, I have to please inform you that I am in general agreement with the proposals formulated by the Commission for the distribution of seats to the House of People as well as to the State Legislative Assembly in the State of Bombay. However, I feel that the seat allotted for the Scheduled Castes to the House of the People in Belgaum district could be more justifiably allotted to the District of North Satara including Siral Mahal and Walva Taluka of Satara South. The percentage of the Scheduled castes population in North Satara is definitely more and this would also satisfy the principle of areawise distribution of seats in fair manner.
